# 1. FLIC 9 NETWORK AWARD

## OBJECTIVE

To identify young illustrators with talent, and to disseminate and exhibit their work in locations supported by the FLIC Festival, both nationally and internationally.

## ENTRANT CATEGORIES

**Junior:** Students on the second year of an artistic Baccalaureate or the first year of an Illustration Training Course.

**Senior:** Students on the second year of an Illustration Training Course or the third year of a Design degree.

**Professional:** Former students who have been graduated from the participating schools since 2016.

\* There is no minimum or maximum number of students who can enter the competition.

## THEME

This year's theme is «**LITERARY LANDSCAPES**»: real, imaginary or symbolic places that can be found in the different literary genres. We propose a different approach to these landscapes through their reinterpretation, and we invite you to recreate the landscape legacy that has been passed down to us.

## HOW IT WORKS

1

**FLIC Festival** will provide the schools with the theme, the text and the support material that entrants should use.

2

An international jury will select a maximum of 40 works, from which they will choose 10 finalists for a special mention. From these finalists, the jury will select three works for the awards (one in each category). The selected works will form part of the touring exhibition that will visit various Spanish and European festivals. As a new feature this year, the jury will also select a school for special commendation in view of the overall standard of work presented.

3

We will announce the three winners of the FLIC 9 NETWORK Awards at the end of the FLIC Professional seminars, which will be held in Barcelona's Design Museum on 15 and 16 March 2019. The prize, which will be presented at the time the winners' names are announced, consists of:

- **SENIOR category:** Participation in a European festival of illustration and literature
- **PROFESSIONAL category:** Exhibition of the work in an outstanding cultural venue in Barcelona, in 2010.
- **JUNIOR category:** An assortment of materials.
- The school with the special commendation for its overall work will receive an assortment of materials.

4

The ten finalists will be offered the chance to promote their work at the head offices of the FLIC Festival and other specialised venues.

## 2. ACCESS TO FLIC PROFESSIONAL: FLIC NETWORK PASS

FLIC Professional is an international, interdisciplinary and inter-sectoral meeting that discusses the new paradigm of children and youth literature. The FLIC NETWORK PASS lets you:

**1**

Attend a specific master class for participating schools as part of the FLIC Professional programme.

**2**

Attend the other FLIC Professional conferences, subject to advance registration (until spaces are filled).

**3**

Take part in a round table for participating schools, each of which will be represented by one teacher and one student. FLIC will propose the discussion topic and moderate the debate.

**4**

Entrance to the prize-giving ceremony.

**5**

Access to the Welcome Party of the FLIC seminar.

**6**

Access to a chatroom with writers on the Read On website (Creative Europe Programme, to which the FLIC Network belongs) on the subject of the relationship between text and illustration.
